# ABOUT US

# INNOVATE INVENT INSPIRE

**Microsoft Student Society(MSS)** is a not for profit cum technical student chapter at Muffakham Jah College of Engineering and Technology.

## Our Mission

Our mission is to empower the next generation of tech innovators by leveraging them with the resources and support provided by Microsoft Student Partners in our team.

We conduct numerous workshops, seminars, development programs and hackathons for the tech community while working on cutting edge technologies and projects.

We thrive on our team of over 100 students consisting of MSPs alongside many capable and talented people.  
Our motto is to Innovate, Invent and Inspire !

**Microsoft**

# WHAT IS IMAGINE HACK ?

**01**

## ITS A HACKATHON

A hackathon is an invention marathon. Programmers, designers, builders and more come together to learn, build, and share their creations over the course of the event.

**03**

## STARTUP CATALYST

Similar to the product cycles of a startup company, hackathon teams shall quickly transition from the idea stage to the final product by one-on-one interaction with experts.

**05**

## WIN-WIN SCENARIO

We are looking at a fun filled and exciting event which involves networking between students, corporations, colleges and media which caters towards brand recognition, product reviews, potential employment opportunities and corporate partnerships

**02**

## MASS TECH GATHERING

Tech giants, media, acadmecians and students shall gather to connect and work towards creating products that benefit the society and potentially land into the market.

**04**

## TALENT HUNT

Hackers get to showcase their skills before a barrage of Industry experts and a huge audience,which brings out their best version.

Big corporations shall get first hand exposure to raw talent.

# IMAGINE HACK STANDS OUT

Microsoft Learn Student Ambassador (MLSAs) are a global group of student ambassadors provided with exclusive Microsoft resources, mentor-ship and training to become the next generation tech innovators.

The goal of the program is to build, share and create communities to make technology available to everyone. Microsoft promotes community events such as workshops, seminars and hackathons among fellow student partners while providing event support in many ways.

- Dedicate support and mentorship
- Azure resources
- Subway catering
- Latest Microsoft products
- Pool of experience

With the expertise of MLSAs and the support of Microsoft, Imagine Hack is certain to make headlines with groundbreaking success.

## WHY SPONSOR US ?

What better place to find ambitious technocrats who are keen on hacking and developing new tech?

Sponsoring us will get you featured in our social media campaign, posters, flexes, website and many of other promotional content..

You'll have the opportunity to run workshops, conduct seminars and demos as well, gaining insight and valuable feedback from the community.

Interacting and engaging with the developer community through your representatives will ensure that you stay updated and get to interact with fresh talent.

Putting in merchandise, swags, gifts, special coupons and prizes will strengthen your brand image and create awareness about your programs, products and services.

Recruiting fresh talent would never be easier than at Imagine Hack. Sponsors can target talents and drive recruitments.
